

Civilian Defense Information

PRICE CEILINGS SET ON PORK AND OTHER MEATS

Dollars-and-cents price ceilings on all cuts of fresh, smoked and frozen pork are now in effect. Retailers must post the official pork price list in their meat departments and must also display the ceiling price in the form of a price ticket or sign near all pork cuts on display.

Beginning April 15, all meat retailers will be required to post the official price list for beef, veal, lamb and mutton. Stores may sell for less but will not be permitted to sell for more than the established ceiling prices for the class of store to which they belong.

There will be two sets of prices—one for independent stores whose annual volume of business is under \$250,000, the other for chain stores and stores with annual sales over \$250,000.

Retailers who reduce point values to prevent spoilage of meats or fats rationed under the Red stamp program are required to reduce the dollars and cents price as well by at least 25 percent off the ceiling price. If retailers wish to reduce the point value by more than 25 percent, they must make a corresponding price reduction. The selling price, however, need not be reduced by more than 50 percent of the ceiling price. If point reductions are made, the retailer is required to post both the official point value and the ceiling price, as well as the reduced point value and reduced selling price. He must also state that he is selling below the official point value in order to prevent imminent spoilage of a perishable item.

A, B, C and D series of "red" stamps need not be used up during the week in which they become valid. They are good any time up to April 30 inclusive. "B" stamps became valid on April 4—C and D stamps became valid on April 11 and April 18 respectively.

PROTECT YOUR VICTORY GARDENS—KEEP YOUR DOG AT HOME

The large number of Victory gardens planned in the community has brought many questions to the Council of Defense relative to damage already done, and possible future damage that may be done, to this vital war effort by dogs permitted to run at large.

Dog owners in the neighborhood are aware, of course, of the regulations that require that dogs be on leash, or be kept on the owners' grounds. Where dogs are reported running loose, they are taken off the highways and held until owners call for them, providing the dog is licensed. If the dog has no license, the animal is not returned.

A great deal of hard work is being put into the creation of Victory Gardens this year, and it is the patriotic duty of every dog owner to see that his dog is not permitted to destroy any part of this valuable potential crop of food. It is possible, also that dogs, incurring the anger of gardeners, may be punished unduly. For the sake of the dog, therefore, as well, he should be kept in his prescribed area.

HOW YOU MAY SERVE IN THE WAVES OR SPARS

This is the seventh of a series of "questions and answers" published in behalf of the women in this area who are interested in joining the Navy's WAVES or Coast Guard SPARS.

Q. Supposing that I am accepted for training in the WAVES or SPARS, what kind of school life will I have? What will be my hours at school?

A. The hours will depend on the school you attend. However, they will be on a military basis, observing reveille, taps, etc.

Q. Will I learn military drill?

A. Yes.

Q. Will there be organized exercise?

A. Yes. There will be a physical director at each school and the athletic program will be keyed to the type of work you will do.

Q. Will there be religious services?

A. Yes. Each training school will make appropriate arrangements.

Q. Am I allowed to have dates during training?

A. Yes, during your free time.

Q. Will I get week-end leave from training school?

A. Yes, at the discretion of your Commanding Officer.

Q. Will I be subject to military discipline after training?

A. The extent of discipline depends on where you are stationed and what sort of work you are doing. Obviously, those living in barracks will be subject to more discipline than those living alone.

Q. What about working hours, leaves, dates after training?

A. All these will be determined by the work you are doing and the post at which you are stationed.

HIGH NOTES

by DAVID MALICKSON
Class of 1945—Lower Merion High School

With the manpower shortage growing more acute every day, Lower Merion has set up a student Employment Bureau which is under the supervision of Mr. A. S. Benner. Many students have filled out application blanks for the type of after-school work they desire, but more are needed. The bureau has already placed more than 50 students in well paying jobs. Boys are urgently needed to drive delivery trucks; work at soda fountains, as garage helpers, and as salesmen. As for the girls, women are clamoring for high school girls to work after school as mother's helpers, caring for small children, and to do light housework. Also open to alert, willing students are positions as: gardening, stenographic work, clerical work, farm work (summer vacation).

Sign up today with Mr. Benner if you are at all interested in securing a well paying, short hour, after school position.

The plea for clothes for the underprivileged children in America and refugee children in Britain did

not go unheeded at L. M. Mr. DuBois, superintendent of schools, and Save the Children Federation designated March 30 and 31 as Bundle Days. Students were urged to contribute any clean, usable garments to help thousands of underprivileged children in the Appalachian and Ozark regions, who, because improperly clothed, could not attend school. Many of these clothes will also be sent to British and refugee children who are in critical need of warm clothing and a sturdy pair of shoes. Any student wishing to contribute to this great humanitarian cause, but has not yet done so, may do so this Sunday. Everybody bring a bundle!

A very attractive edition of the Merionite, L. M.'s self-supporting newspaper, dedicated to the State Championship Basketball team, was published last Thursday by the members of its staff. The paper contains action photos of the team, along with a review of the past season. Copies may be purchased at the Egyptian Sweet Shop or at

CLUB TO AID IN WAR LOAN DRIVE

\$11,600 in Bonds Sold At Booth In Two Months

With the opening of the Second War Loan Drive on April 12, the efforts of the Women's Community Club of Narberth will be devoted to selling War Bonds and Stamps for credit on a bomber.

The committee in charge of the War Loan in Narberth is headed by Carl Metzger. A goal of \$400,000 has been set for the Main Line area, and Narberth will take an active part in attempting to raise this amount by April 30. In return, the government has agreed to name a bomber "Main Liner."

Since January 31, the members of the Women's Club have manned the Emergency Aid booth at Haverford and Forrest Aves., daily and sales for the special bomber campaign during April will be conducted from there.

All bonds or stamps sold during April, except payroll deductions or those sold through banks or post-offices will count toward the bomber.

Mrs. Louis A. Homsher, who is in charge of manning the booth, pointed out this week that those having filled stamp books may bring them to the booth and exchange them for bonds which will be credited toward the quota.

Between January 31 and April 1, the clubwomen have sold \$11,600 in bonds at the Emergency Aid booth and \$1408.05 in stamps. These sales were credited toward the bomber christened this week, "Emergency Aid."

WOMEN TO HEAR DR. RUTHERFORD

Woman Attorney to Discuss Crime Prevention, Parole

Dr. M. Louise Rutherford, Deputy Attorney General of Pennsylvania, will speak on "Crime Prevention and Parole" at a luncheon meeting of the Lower Merion-Narberth Council of Republican Women on April 13 at 1 P. M. at Whitehall, Haverford.

Dr. Rutherford is the only woman member of a committee appointed by the Governor to investigate the administration of relief in the New England States. The committee's report will be used in deciding whether the Department of Public Assistance in this State will be abolished or curtailed. She is the Deputy Attorney General in the Department of Public Assistance, chairman of the Business and Professional Women's Committee of the Republican State Committee, and a member of the Legislative Committee of the Pennsylvania Council of Republican Women. A resident of Philadelphia, she is a practicing attorney there.

Mrs. Morris Green, Ardmore, chairman of a committee appointed to revise the by-laws, will read the revised by-laws at the meeting which will immediately follow the luncheon.

At a board meeting on Monday, Mrs. Benjamin Sprawbridge announced that the Study Group meetings will be resumed on April 29. The place will be announced later.

Optimists Elect New Officers

With George B. Wiltbank, of Brookline Courts Apartments, presiding, the Ardmore Optimist Club elected new officers at their meeting at Chateau Colotte, 229 E. Lancaster Ave., Ardmore, this week.

A. Craig Boyd, Cynwyd, was elected president. Oscar B. Weidman, Brookline, was elected executive vice president; vice presidents Capt. E. W. Bonaffon, U. S. Navy, Ardmore, and Benjamin E. Groff, Ardmore; secretary, N. M. Torelli, South Ardmore; treasurer, Leonard Wilson, Bywood.

Board of Governors elected were: Captain George Vander Veer, Lower Merion Police, Gladwyne; D. Elvin Rosenberg, Brookline; Paul Mirabile, Haverford; Frank J. Hartry, Wynnewood; Joseph Massetti, Ardmore, and Edward R. Horn, Ardmore.

Achievement Day for Christian Study

The Narberth Community Council of Week-day Christian Education will mark the close of its first term with an Achievement Day program at the public school auditorium on April 14 at 2:30 P. M. The weekly classes in religious education will not be held during the Summer but will be resumed in the Fall.

MRS. W. J. CAHILL

COLLECT OVER \$4500 FOR RED CROSS HERE

Campaign Nears Close With Best Record in History

More than \$4500 has been collected to date in the 1943 Red Cross War Fund Drive in Narberth, according to Mrs. William J. Cahill, major for the Borough.

With the campaign extended to April 17, Mrs. Cahill said that she expected scattered contributions from individuals and business houses to bring the total to at least \$4600 and perhaps more. Special gifts and contributions made in the city which will later be credited to Narberth may bring the total even higher.

Mrs. Cahill and her captains merit high praise for the splendid results they have obtained in Narberth, where last year the Red Cross collected about \$1400.

"The response of the people of the Borough has been magnificent," says Mrs. Cahill, "and I want to thank, as well, the captains and their workers who have done such a fine job."

Mrs. Cahill was assisted by Mrs. George Alberts, Mrs. Can Dickie, Mrs. Robert Brownell, Mrs. Dorothy Patin, Mrs. Louise Bottoms, Mrs. Marie Cusack, Mrs. Salvatore Frattantoni, Mrs. Mary Merkel, Mrs. Ingeborg Robb, Mrs. Mary Clear, Mrs. Can George and Walter G. (Continued on Page 3)

Publish Bulletin for Local Girl Scouts

Under the direction of Mrs. J. W. Hundley, 600 Oxford Rd., Cynwyd, public relations chairman of District Eight, a news bulletin for Main Line Girl Scouts made its debut this week.

Purpose of the neatly compiled, four-page mimeographed publication, says Mrs. Hundley, is to more closely integrate the work of the District Committee, headed by Mrs. W. H. Lathrop, Bryn Mawr, with the work of the leaders and assistants of the Main Line's 24 troops.

LESSON-SERMON
"Are Sin Disease and Death Real?" is the subject of the Lesson-Sermon in all Churches of Christ Scientist on Sunday April 11. The Golden Text is "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (Psalms 67; 1, 2).

Heindel and Evans Named All State; West Phila. High Beaten in Finals 25-17

Lower Merion High's record-breaking feat of winning the state PIAA basketball championship for the third straight year brought with it the signal honor of two representatives on the All-State quintet.

Greer Heindel, captain and center who played on all three title winners, and the high scoring, hard working Don Evans, forward, were both placed on the first team in a poll of coaches and writers by the Associated Press.

Dick Whiting, junior guard who turned in splendid defensive performances in the tournament, was placed on the third team.

In addition to the Lower Merion stars, the first team was comprised of Don Walker, Bradford; Steve Skendrovich, Farrell, and Hunky Moran, Hazleton. The second team listed George Moroz, Scott; Ray Chiappianella, Farrell; Bob Trombocco, Farrell; Ross Sachs, Gettysburg; and Clarence High, Pottstown.

Bells Colone, the big Berwick center who nosed out Heindel for a first team berth last year, drew

Main Line Citizens Committee to Launch Drive for Second War Loan

Youthful Soloists and H. S. Orchestra In Music Festival

Two high school orchestras and four soloists chosen from eight schools in the Main Line area will be featured at a Youth Music Festival to be held April 16 at the Radnor High School auditorium. Wayne, under the auspices of the Tri-County Concerts Association.

Soloists, chosen after auditions had been held for 20 contestants, will be Wallace Carter, 17, flutist, from Haverford Township High School; Charles Murray, 8, pianist, from Royer-Greaves School for the Blind, Paoli; Harold Wright, 16, clarinetist, from Radnor High School, and Mary Jane Bones, 14, coloratura soprano from St. Katherine's School, Cayne.

The two orchestras, also chosen from competition, will be the Lower Merion Senior High School orchestra, under the direction of Dr. Bruce C. Beach, whose son, Bruce B. Beach, will play an oboe solo with the orchestra, and the Haverford Junior High School orchestra under the direction of Dr. Ray Yerger.

H. H. Francis, Jr., Gets Promotion

Harry D. Francis, Jr., Paoli, son of H. H. Francis, 15 E. Spring Ave., Ardmore, has been promoted to First Lieutenant according to word received from headquarters of the Air Service Command at Paterson Field Ohio.

Lt. Francis is a graduate of Lower Merion High School and later attended Notre Dame and Temple Universities. Prior to entering the service he operated his own automobile agency. He is now in the Supply Division of the Air Service Command.

GIRL SCOUTS GET HIKING ACREAGE

Day Camp Will Be Held at Wynnewood Site

Through the generosity of the owner ten acres of "Maybrook," the Bibson estate in Wynnewood is now available to Main Line Girl Scouts for hikes and cook-outs.

The Senior Scouts of Troop 264, Overbrook, with their leader, Mrs. Malvin B. Wallace, Merion, have erected a primitive fireplace and table.

During two weeks in July, 100 girls. Registrations can be made at Girl Scout Headquarters, 311 S. Juniper St., Philadelphia.

Mrs. James Kunkle, Springfield, Delaware County, will again head the Day Camp staff.

In addition to "Maybrook," the Girl Scout Day Camp will be set up for one week at the Blue Bell Site in Fairmount Park, and for three weeks at the Morrell Site at Torresdale. These will be on successive weeks throughout July and August.

Organization Perfected; Chairmen Named in Narberth, Bala-Cynwyd, Merion, Ardmore and Bryn Mawr; Asking People to Invest, Not to Give

Narberth and Lower Merion perfected its organization machinery this week for the Second War Loan Drive. Meetings were held Wednesday in Bryn Mawr, Ardmore, Narberth and Merion at which Samuel K. McConnell, Jr., Ardmore commissioner and chairman of the drive, told of the organization plans.

Record made by the lower Main Line in previous drives is lagging behind other sections despite the fact that the Main Line is one of the wealthiest residential suburbs in the United States. Part of the reason for this is that many Main Liners make their contributions in Philadelphia and their U. S. War Bond investments are credited to the central city total.

At all four meetings McConnell explained that this handicap had been righted and that hereafter investments of Narberth and Lower Merion residents would be made direct to the Main Line drive or would be later credited to the local fund.

Heading the campaigns in the four localities in which the Main Line territory has been divided are

Carl B. Metzger, Jr., for Narberth Borough; Clarence E. Hall, for Merion, Bala-Cynwyd, Penn Valley, Pencoed and West Manayunk; James L. Gardiner for all the Ardmore districts and Haverford, Wynnewood and Gladwyne; De Devlin for Bryn Mawr, Rosemont and Villanova.

McConnell also announced the formation of a publicity committee this week composed of the following members: Robert Cameron, chairman, William E. Kammerer, A. E. Hickerson, Miss Nancy Seely, Raymond Roth, Joseph Meredy, and George Walker.

Members of the districts committees, who will make the neighborhood contacts, will be announced next week.

At all the district meetings the chairman stressed the fact that the Second War Loan was planned to back up soldiers at the fighting fronts. To all those who participated, he said, it was important to point out that they were not donating to a cause but making a sound investment in the future of their own Government.

Members of the executive committee who worked with chairman Metzger in Narberth are:

Burns P. Best, W. James Drennon, Joseph L. Kelly, Douglas C. Miner, Salvatore Frattantoni, Richard Gills, Mrs. W. G. Crowell, Mrs. Lewis Homsher, Mrs. W. W. Pierson and Allen S. Athbert.

FIRST NIGHTS FROM HOME ARE TOUGH

Some of the Narberth young men who left for the Colors in recent months are sending in letters expressing thanks for their goodbyes gifts and telling what excellent use they are making of them in their new activities.

Also, as they all are in the environment of war, they usually go to town in recording the impressions they have made and in posting the lads who are to follow them as to what to expect.

From Camp Lee, John Raser, who was inducted recently, writes to say that New Cumberland is no place for a permanent stay, as everything about it is calculated to make a new candidate feel about as low as possible.

When a fellow has just left home, that's the time he needs most a friendly touch, but apparently those in charge at New Cumberland have in charge at New Cumberland have

(Continued on Page 4)

G.O.P. Chairman to Attend Dedication of Jefferson Memorial

Lloyd H. Wood, Montgomery County legislator and chairman of the Montgomery County Republican Committee, will attend the dedication of the Jefferson Memorial at Washington on April 13 as a member of the Thomas Jefferson Bicentennial Commission of Pennsylvania.

He will also participate in the ceremonies marking the 200th anniversary of Jefferson's birth to be held April 14 in the House Chamber at Harrisburg at which Governor Edward Martin will preside.

Wood, a Representative in the General Assembly from the county's Third District, is recording secretary of the Jefferson Bicentennial Commission.

Penn Valley Club To Meet Monday

The Penn Valley Garden Club will meet on Monday at 10:30 A.M. at the Parish House of All Saints Church, Wynnewood.

A garden forum will be led by Mrs. E. C. Drew and Mrs. J. B. McGovern.

The club's executive board met on Wednesday at the home of Mrs. E. S. Madeira, Flat Rock Rd., Penn Valley.

Trapshooters Emerge From Hibernation

Following a winter of virtual hibernation, trap shooters of the Lower Merion Rod and Gun Club rode, walked and bicycled last Sunday afternoon to the Nash Farm on Sprague Rd., Narberth, to "pass the ammunition" at the club's first trap shoot of the year.

Despite strong cold winds that hampered all of the shooters (and despite, as well, that "I'm tired, 'cause I work at night in a defense plant" feeling that hampered many), five men piled up scores equivalent to those of the "good old days." They were: William Chase, Conshohocken; H. I. Dietrich, Upper Darby; Wm. R. Farrell, Narberth; Charles Latch, Narberth, and Cosmos Philpott, Oakmont.

Others who made good scores during the afternoon were: William Burgess, Narberth; George Floyd, Narberth; F. A. Frick, Wynnewood; Frank Gorman, Ardmore; George Latch, Sr., and Jr., Penn Valley; Nathan Roberts, Oakmont, and Joel Rubineau, Narberth.

George Floyd, chairman of the club's Trap Committee, announced that, while the club's supply of shells and blue rocks lasts, trap shoots will be held on the Nash Farm the first and third Sundays of each month.

Start Training for Annual Camporee

From Overbrook to Wayne the Boy Scouts are planning or taking part in short camping trips as preparation for the annual camporee of the entire district, which will be held May 22 and 23 at Haverford College.

The Camporee itself is usually held at Valley Forge, and is participated in by all troops of the transportation difficulties, however, Valley Forge Council. Because of this year's Camporee will be held near home.

NARBERTH HOME SOLD
Emilen and Company has sold the residence at 214 Dudley Ave., Narberth, for Mary Evans to George H. P. Carr.

This Week IN WASHINGTON

Washington, D. C. (NWNS)—Although the demands of the food industry for the appointment of a food administrator to control food production and distribution were partially met by the appointment of Chester C. Davis to that post, there is little optimism here about his having the power to do an entirely effective job. Mr. Davis, former head of the Agricultural Adjustment Administration, is generally considered a good man for the job, but it is feared that his powers will conflict with those of the War Manpower Commission, the War Production Board, the Office of Price Administration and with other established war agencies.

Food manufacturers, meat packers and farmers had urged the establishment of food administrator as a cabinet post. They point out now that even if Mr. Davis is elevated to the job of secretary of agriculture this would not take the place of having a new post in the cabinet concerned specifically with food distribution.

Controls Farm Prices

When Mr. Davis was appointed, persons close to him here said that he had agreed to take the assignment only after getting a clear understanding that he would have complete control over farm prices, that he would be the final authority on problems of food distribution, that he would get enough materials to guarantee farm equipment needs and that the War Manpower Commission would have to accept his recommendations on supplying farm manpower. If he did have these powers he could do an effective job, but since no formal directive has been issued giving them to him, it is doubted if he can avoid conflict with other departments.

Meanwhile the food and farming situation continues to be alarming and public demand is growing for an immediate program to assure a steady supply of rationed foods to the public. Although civilians have accepted meat rationing with little complaint, they are objecting in no uncertain terms to being unable to buy meats for which they have ration points.

Bitter Tax Debate

One of the most bitter fights which has taken place in congress for a long time has been the debate over taxation, with the congressmen choosing sides largely according to party affiliation. The majority of Democrats are opposing the forgiveness of 1942 taxes and putting taxation on a straight pay-as-you-go basis, while the Republicans are practically all for such a plan. In between are compromise plans which are attracting some members of both parties. What the outcome will be is largely guesswork, but it seems quite probable that the last half of 1942 taxes may be forgotten and replaced by a heavier tax on 1943 income to be deducted from wages beginning in June. If such a program goes through, some arrangement will undoubtedly be made to continue to collect on 1942 incomes from those who earned more in 1942 than they will in 1943.

Because of the dangers of stoppage in the production of war supplies threatened by John L. Lewis in his demand for a wage increase of \$2 a day for miners, coupled with other evidence of unrest in labor circles, congress is expected to demand a labor stabilization plan which will last for the duration of the war. This will not necessarily mean final wage freezing, but it is apparent here that there is definite need for clear-cut rules for the governing of labor with strikes or threat of strikes definitely out as a means of getting adjustments.

RED CROSS EXTENDS DRIVE TO APRIL 16

Still Need \$100,000
To Reach Quota,
Says Dreher

The War Fund campaign of the American Red Cross has been extended to April 16 to assure the \$1,350,000 goal for 59 branches of the Southeastern Pennsylvania Chapter.

On the Main Line, Chairman Fredrick W. Dreher said yesterday that the Main Line Branch's quota of \$350,000 was more than \$100,000 short.

We hope that in the seven days of the drive remaining, we can secure the \$100,000 needed. To date, 7,600 subscriptions from \$1 to \$16,000 have been received, far behind last year's 10,000 subscriptions.

The 59 branches of the Chapter have reached 83 per cent of their quotas in the drive, but the Main Line Branch lags behind at 70 per cent.

Thirty-two per cent of the subscriptions received have been \$1, Dreher announced. "This is due," he said, "to the prevailing opinion that Red Cross drives in recent years sought one dollar contributions for membership in the Red Cross."

"Although the Main Line Branch quota this year is seven times greater than in 1942, it still is not enough to provide our servicemen with all the comforts they deserve," Dreher said.

Meanwhile, theaters on the Main Line were actively engaged in "Movie Week" and last week-end turned in collections of slightly more than \$1,000.

GIRL SCOUT NEWS

Home Nursing Course

The Girl Scouts of Troop 279 and two girls from one of the Overbrook troops have been taking a home nursing course together at the home of the Bryn Mawr Presbyterian Church for the past five weeks.

Mrs. Kohres, formerly a nurse at Bryn Mawr Hospital, was the instructor and the following girls have now received badges which were presented by Mrs. Gilbert, troop leader:

Joan Holtzapple, Elizabeth Gilbert, Ann Carter Taylor, Patricia Thornton, Jean Tomlinson, Nancy Waite, Margo Bowie, Emma Huhn and Betsy Ulrich.

ELIZABETH PETERSON,
Troop Scriber.

Chatterbox

A telephone repairman knocked on a customer's door not long ago and heard a screechy voice say: "Come in!"

He entered, but soon came out again, looking pretty flustered. There was no one home except a parrot!

We're afraid there's still quite a lot of talk on telephone lines that doesn't mean any more than that parrot's invitation. Idle talk may be all right in normal years, but these are war-times. Telephone lines are crowded with vital war calls. New equipment can't be obtained.

So we ask you—for the duration—to make no unnecessary calls and to keep all calls brief. The more easily war calls go through on telephone lines, the sooner our fighting forces will be through at the battle lines! The Bell Telephone Company of Pennsylvania.

TODAY and TOMORROW By DON ROBINSON

\$13,000,000,000 bonds

This month the treasury department is making a mighty effort to collect \$13,000,000,000 extra from the sale of war bonds. That means 13 billion dollars more than people already are signed up to spend on bonds regularly.

Breaking that down to a less astronomical figure it means an average of \$100 for every man, woman and child in the country.

After Uncle Sam did that record pocket-cleaning job in connection with the income tax, we hardly thought he'd be around again so soon looking for a loan of that caliber. In fact, it hardly seems possible that if all of our bank accounts, buried treasure and penny banks were dumped on the post office floor the total would come anywhere near that amount.

But, although loan companies have been doing a flourishing business lately, government statistics show that even now—less than a month after the memorable day of March 15—the people as a whole are saving money faster than they could possibly spend it this year.

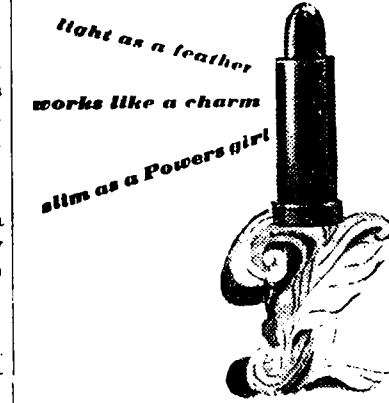

LOAN taxes

The government, of course, bases its figures on national averages. There are plenty of people today who are earning less than they did before the war and there are a lot of others whose spendable income has been greatly reduced because of high taxes and increased cost of living.

But, on a national basis, the reduced income of these people is

PLANT A VICTORY GARDEN

Everyone who can obtain a fertile plot of ground, receiving direct sunlight at least half the day, should have a Victory Garden. Home-grown vegetables are tastier; have high nutritive value and stretch the table budget further.

And for full flavored goodness, garden-fresh vegetables should be steamed or boiled in a small amount of water. Don't overcook . . . serve just tender. Make good use of your automatic range! Be a Victory Cook!

Ask at any of our stores for the free folder on Vegetable Cookery, or address card to Home Economics Dept., 900 Sansom Street, Philadelphia, Pa.

People of All Ages Aid at Bala-Cynwyd Red Cross

Anyone who thinks that only adults are contributing to the present Red Cross War Fund Drive should spend a few hours at Bala-Cynwyd headquarters, where gifts are being received from children of all ages, from pre-school tots to tall boys and girls in Junior High School.

Last week there appeared an enthusiastic group of four and five year-olds from the kindergarten of Mrs. Helen K. Fricke, garbed in Red Cross aprons, jackets and headgear, which they had made themselves, carrying Red Cross flags, and proudly bearing their offering of \$6, in pennies, nickels and dimes. They knew more about the work of Red Cross than do some of their elders. They could tell you that it helps people in all kinds of trouble. They knew about some of the branches of service, for they had outfitted a doll with both a nurse's and a Grey Lady's uniform. They had turned one of their toy trucks into a Red Cross ambulance, and they had painted and refitted their pegboards to be given to sick children. The children who took part in this real experience of giving and sharing are Linda Berry, Johnny Gorski, Sydney Foote, Betty Ann Gribbon, Judy Harper, Karl Kavanaugh, Raymond Keegan, Fred Marsh, Ross Reynolds, Tommy Robinson, David Steele, Heidi Vernon, Jody Miller, Dan Slack and Charles Barb.

Older children of scout age are doing active work for the Red Cross through their troops. Brownie Pack No. 63 are enthusiastic helpers, and Girl Scout Troop 140 has made an outstanding contribution of hat boxes, attractively covered with wallpaper, filled with dolls, books, games and other playthings, all made by the girls, to be sent to children's hospitals.

Junior Red Cross work has reached a high peak at Bala-Cynwyd Junior High and St. Matthias Schools. By collecting and selling tin cans, the children have obtained funds to buy four dozen packs of new playing cards for the convalescent men at the new Valley Forge Hospital. They have also made over one hundred attractive checker boards by covering plywood with blocked linoleum, the checkers being old broom handles sawed to the right size, sandpapered smooth, and painted. Old and new games have been collected for the use of service men on ships and in Red Cross clubrooms all over the world, and Junior High girls continue to make bedside bags and slippers, for men in hospitals.

One high school boy, who would not want his name mentioned, has been sick for several weeks with old-fashioned measles. Having no immediate need for his regular weekly allowance, he has turned it over intact to the Red Cross War Fund Drive.

The men and women of Bala-

Cynwyd will have another opportunity to make one of the greatest possible contributions to our fighting forces, when the Red Cross Blood Donors Mobile Unit again visits headquarters on April 16 and 17 from 1 to 6 P. M. Anyone between 18 and 60, in good health, may donate a pint of blood, with no ill effects, and with the probability of saving a life. Appointments should be made in advance at Bala-Cynwyd headquarters.

The Rev. Richard T. Lyford, chairman of Blood Donors, and his committee, have completed preparations for the care and convenience of the donors. The Grey Ladies, directed by Mrs. Nathaniel Watson, will again be on hand, and Mrs. J. Harold Austin, will have a group of her Canteen workers serving coffee and fruit juices. Small children of donors will be cared for by the staff assistants.

WOMEN'S CLUB NEWS

Narberth Club

April 12—Project committee will meet with the chairman, Mrs. J. H. Miller, at her home, to report on movie benefit at Narberth Theatre April 11 to 17. Pictures to be shown during benefit will be "One and Lionel Barrymore in 'Dr. Gillespie's New Assistant'."

April 13—Club meeting at 2 P. M. at Paul R. Bowen, formerly of Beaver College, now teaching biology at Valley Forge Military Academy, will speak on "Flowers of Pennsylvania."

Our Quality Dry Cleaning Service.

Issue 8 Permits for Chicken Coops But Building Takes A Nose Dive

Some Lower Merion residents are not taking any chances on meat shortages and food rationing.

They're going in for chicken coops. Although queries received by officials in suburban municipalities have indicated this for some time, the chickens were brought home to roost this week when Lower Merion's March building report was made public.

It showed that the building of chicken houses was one of the few and leading items of new construction on the list.

During March alone Lower Merion building inspectors issued eight permits for the construction of chicken houses. Total valuation of the houses was listed at \$915. Another unusual thing about the report was the absence of any new housing construction. Most of the cases went for alterations, additions and repairs, and this made up three-fourths of the month's construction expenditures.

The report also showed that building figures have tumbled into more than a million dollars decrease in the first quarter of the new year.

Since January the report shows a decrease of 176 permits as compared to the same three months of last year and a decrease of \$1,139,674 in the valuation of construction.

During March there were only 44 permits issued and the money spent on construction reached only \$16,313. Even last year during the month of March, when the war was nearly four months old, there were 125 permits issued and valuations totaled \$735,336.

EXPERTS ADVISE ON VICTORY GARDENING

Soybeans Are Recommended as Crop; Four "Don'ts"

The third session of the Haverford Township Victory Garden School held Friday evening ran 40 minutes overtime due to the volley of questions fired at the three speakers by a large and interested audience.

A summary of the advice and information furnished by the speakers follows:

Mrs. E. A. Wikson, Oakmont. Plant all vegetables you can, but leave room for some flowers for morale; soy beans are an excellent source of protein and fat and their culture is easy—bean beetles bothering them very little; space devoted to an herb garden is well worth while—the herbs are useful for seasoning and dried herbs make excellent gifts; a salad garden with its many varieties of greens provides vitamins and minerals which we need.

Frederick Moore, superintendent of the Lloyd estate, Haverford: In a small garden, spading prepares the soil much better than plowing; if for some reason a crop will not grow in a certain place, do not struggle with it there—plant something else in that space and move the first crop to a different soil another year.

Alexander MacLeod, superintendent of the Janney estate, Bryn Mawr: Train tomatoes on a single

stem, tied to a five-foot stake, to save space, as more pounds of tomatoes per square foot of space will be produced; don't put fertilizer on your garden too thick; don't work in the garden when the ground is wet; don't let the weeds get too big; don't neglect dusting or spraying.

Herbert Shearer, chairman, and Miss Marjorie Bergh, vice-chairman of the Victory Garden Committee, were in charge of the meeting.

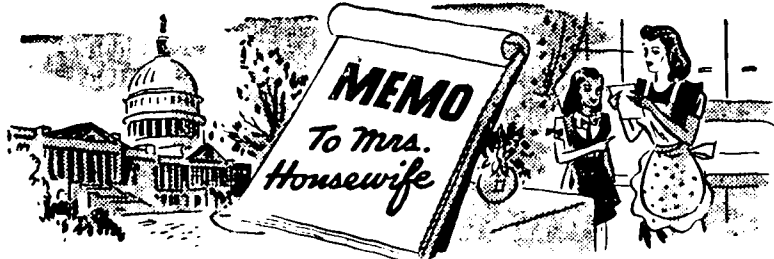

WAVES Graduate At Cedar Falls

Lillian G. Blair, 21, daughter of Mr. and Mrs. E. P. Blair, 12 Bala Ave., Bala-Cynwyd, and Charlotte H. Morgan, 23, 306 Berkeley Rd., Merion, were among 1029 WAVES graduates from a five-week indoctrination course at the Naval Training School, Women's Reserve, at Iowa State Teachers College, Cedar Falls, Ia., on April 2.

FOOD FACTS

White Bread

The first white bread was made by an English miller because a nobleman demanded bread that would match his tablecloth. U. S. Still Falls Candy Manufacturers of confectionery and chocolate products recorded sales 16 per cent higher in January, 1943, than for the corresponding month of 1942, according to a report released by the Bureau of the Census.

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Postoffice Department plans to employ a large number of women. Probably none will be letter carriers—too strenuous!

Don't lose your ration books! They're worth more than money for they can buy things money can't—food, gas, shoes and, eventually, clothes. . . . Britain advertises stress cost in ration points.

Horses have their shoe problems, too. A set lasting about three weeks, bakers and dairymen who switched to horse-drawn delivery wagons are having trouble getting them shod.

There will be plenty vegetable seeds for the 1943 Victory Gardens. Stocks will be low in some varieties of onion, beet and carrot seeds, the Department of Agriculture says.

Hair pins and bobby pins are especially scarce in defense areas. Some hair dressers insist that customers bring their own.

With a minimum of workers, hospitals are struggling to still give good service. In some hospitals, doctors are "rationed" to four operations a day, with emergencies taken care of, of course.

Restaurant managers are feeling scarcity of pots, pans, chinaware and silver. I heard of one large hotel which substituted wooden spoons for silver in serving refreshments to a meeting of 1500 people. . . . Canada is making cups without handles.

With butter shortage drastic, Oklahoma and Tennessee have revealed taxes on margarine, and Pennsylvania legislators are considering repeal of \$100 yearly retail licenses which keeps 90 per cent of that state's stores from selling the butter alternate.

A natural black cotton has been developed by Soviet scientists, completing a color range which includes green and an off-shade red. They say these fibres eliminate necessity for dyeing and are highly resistant to bleaching.

Because pie, cake and pastry retail prices have gone up 5 to 15 per cent recently, with OPA's sanction, more and more women turning to home baking—use self-rising cake flour which has baking powder and salt already added and presto! a confection is hot out of the oven for dinner.

We women can still keep our clothes on the gold standard! With gold-plated effects, gold colored suits and dresses, and golden touches here and there, it's a big favorite this Spring.

An additional three million cases of evaporated milk will be released for civilians soon.

Cattails do their part for war! Substituting for once imported Java kapok, cattail heads are now beaten into fluff for life preservers, pillows, quilts, sleeping bags and insulation material.

Three-pairs-a-year shoe rationing is plenty tough on the children. We'd best teach them to give their foot-wear the of shindola with a self-shining wax-liquid to preserve and protect their leathers.

A new food yeast has been developed by British scientists. Resembling soap flakes in appearance and reportedly higher in Vitamin B than liver or animal proteins, it can be made from sugar or molasses at about 10 cents per pound.

"East is East, and West is West" and "laters of the two can't meet," says OPA. Idaho potatoes go west. Eastern potatoes stay east awaiting an OPA price order.

Piece goods are one of the fastest moving items, say department store officials, with women doing more of their own sewing. Pattern book publishers agree.

Collect Over \$4500 For Red Cross Here

(Continued from Page 1)

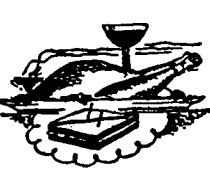

Case, president of the Business Council, who was in charge of collections from the businessmen of the Borough.

On a percentage basis, Narberth leads the entire Main Line area when the size of its territory and total population is considered.

In the following comparison released by the Main Line Branch headquarters in Ardmore, allowance must be made for a sum of \$67,000 which has been received by headquarters from schools, colleges, business houses, as special gifts and direct contributions brought to the headquarters. This money has not yet been allocated to the communities which will ultimately receive credit for it. For example, it will be noted that Narberth's total below is only \$3889.50, whereas, actually as previously stated, the Borough collections are over \$4500.

After each territory named, the first figure is the amount collected in 1942, the second figure the amount so far credited for 1943:

Ardmore, south side, \$1487.50, \$3409.30; Ardmore north side, \$1255.25, \$2998.50; Bryn Mawr, \$4505.34, \$1837.78; Gladwyne, \$894.50, \$1601.60; Haverford, \$5859.43, \$10763.68; Merion, \$5937.38, \$767.75; Narberth, \$1485.20, \$3889.50; Overbrook Hills, \$840.07, \$1779.50; Penn Valley, \$1721.50, \$4156.50; Rosemont, \$2023.97, \$2787.50; Villanova, \$1883.25, \$3017; Wynwood, \$3495.09, \$6521.01.

Anything from a snack to a full meal...served as you like it.

Calling The Turn

By L. M. FORD

It's incredible, but true, Lower Merion High's defeat at the hands of Penn Charter in the opening round of the Red Cross tournament wasn't an hour old before some Main Line fans had Coach Bill Anderson on the "pan."

"Andy had just given them the state title for the third straight year, had given them teams that had won 31 games in a row and which triumphed in 57 of 59 games over three years, yet they hopped on him with severe criticism the moment the inevitable defeat came."

These disgruntled fans thought "Andy" should never have entered the Red Cross tournament, that there wasn't anything to gain and everything to lose. They took the attitude the entire season was ruined by the Penn Charter defeat, that L. M.'s prestige was dealt a severe blow by losing to the Interacademic League champs.

Fortunately, this narrow, warped, selfish attitude is shared by only a handful of L. M. followers. Most fans, while somewhat shocked by the defeat, thoroughly understood the conditions, shrugged it off as one of those things and have only praise for Coach Anderson and his champions.

Most Main Liners are proud because "Andy" was willing to risk the unsullied record of his team to help the war effort. The defeat was a very small sacrifice when it is considered that largely due to Lower Merion's participation in this two-night tourney more than \$10,000 was raised for the Red Cross.

The only really tragedy of the L. M. defeat was not that it ruined a perfect season, but that it probably cost the Red Cross approximately \$2500. If Lower Merion had been in the final against Catholic High the crowd would have been close to a sell out instead of the more 6000 which turned out to see the Cahillites beat Penn Charter, 37-25, for the "champion of champions" title.

Coach Anderson warned us of what to expect, but we're so used to his mourning that we didn't pay any attention. When he accepted the invitation to participate in the Red Cross affair, he said: "By that time our boys are not going to feel like playing basketball. It will be an anti-climax to the state tournament and, frankly, we're not too enthused over the idea. But it's the least we can do for the war effort."

And after the Maroon nosed out Farrell to win the state title for

the third straight year, Anderson said: "I'm not going to worry about Penn Charter. I've told the boys in. They've been through terrific pressure for the past month, and I don't think it is fair to them to keep them up, even if it were possible, which I doubt. We'll try to have some fun. If we win, okay, and if we lose, that'll be okay, too."

Frankly, we believe Lower Merion could have made a sweep of the Red Cross tournament if the team had pointed for it as it had for the PIAA tournament games. But Anderson didn't believe it was worth it or fair to his boys to do so. After all, he's a competent judge, and who are we to disagree or find fault?

Surely it was better to take a defeat, than to give a cold shoulder to the Red Cross. After all, our country comes first, these days and always.

All the breaks were with the Maroon in the PIAA tournament, but they all went against L. M. in the first Red Cross game. Although the locals were badly off they only lost to Penn Charter by a field goal in the closing seconds of an extra period. Imagine what would have happened if the Maroon had been anywhere near form.

The victory over West Philly in the final Saturday kept L. M.'s record clean against public schools. The city high schools are the only one not members of the PIAA and you often hear it argued in the city that L. M. would seldom be in the thick of the PIAA tourney if the Public League champions were eligible.

Thus, thanks to the Red Cross games, this is one year there is no basis for argument. Lower Merion has more right to the title of state champion than ever before.

Sugar

Juice from three feet of sugar cane is required to make one ordinary tablet of sugar.

France might have owned the Panama Canal today if it were not for mosquitoes. Fever, caused by these insects, balked a French attempt to build the canal in the nineteenth century.

Pizarro's mummy lies in a transparent case in an ancient cathedral at Lima, Peru. Pizarro was the Spanish conqueror of that country.

If you haven't gotten around to buying a Second War Loan Bond, stop and think what it would mean to you if our soldiers hadn't gotten round to the fight.

Relief Payments Show Decrease From 1942

Direct relief payments made to needy residents of Montgomery during the week ending April 2 totaled \$791.20 which was \$599.70 less than those of the comparable week of last year.

A. Shihadeh's Father Dies in Palestine

Word has been received by cablegram to Abraham Esau Shihadeh that his father, aged 96, died recently in Palestine. Mr. Shihadeh, antique rug authority, of Rittenhouse Place, Ardmore, last visited his father in 1937, when he took a trip to Palestine. The elder Shihadeh was the father of 31 children and Abraham Esau Shihadeh was the first born and automatically becomes head of the family and chief of the tribe.

First Nights From Home Are Tough

(Continued from Page 1)

no time to be considerate, and the camp teens with nostalgia as a consequence.

Once the recruits get away from there, however, the clouds lift and start to show their silver lining, with the result that the neophyte quickly acquires an entirely new perspective and an outlook that makes him soon forget those several bad days at New Cumberland. John says his life at Camp Lee is all to the good in every way and that he is as happy as can be.

That is also the spirit of a nice letter from Charles Eugene Claghorn, now attached to the "Black Hawk" division in Texas, where he has been assigned to the Inspector General's Office, the Army not losing any time in spotting Charles' auditing talents.

It is planned to have news from the camps a regular feature of Our Town in the course of a few weeks and Narberth Service Men are urged to send along noteworthy items.

Meanwhile, the lesson to be learned from recent correspondence by those whose numbers are about to come up is that the first night or two away from home is no enviable experience and that the Reception Center is apt to be the most unattractive part of the entire Army set-up.

Once the men are shifted, everything improves, and so the thing to do is to grin and bear it for a little while, no matter how tough it is, for after that, there will come an adventure that will prove to be the most memorable and precious feature in the life record of any man who enrolls for his country's cause.

High Notes

(Continued from Page 1)

the Merionite office any day after school.

Lower Merion Baseball Team downed Penn Charter 6-0 on March 2... there will be no Easter vacation this year... third quarter report cards will be issued this Friday... the school term this year will end on June 11... Don Evans, one of the star players on L. M.'s 43 State Championship Basketball team, left L. M. this past Tuesday, for he expects to be called into active service with the Marine Corps sometime in May.

The Track team, under the direction of its new coach, Mr. J. Marzucco, drafting instructor at the Technical School, is in for a big, and we hope prosperous, season. Fellows who will probably do quite a bit of cinder pounding are Paul Love, Bob Craig, Bill Sapp, Dick Harr and John Carr. Other team members who have just signed on the track team this year, and who we believe will be a good bet are: Henry Morris, Harry Papian, Murray Freeman, Jim Grundy and Stow Young.

Thus far the schedule for the team is as follows: Interclass meets, April 15-16, Penn Relays, April 23-24, Upper Darby, April 28; Ursinus Interscholastic, May 1; Montgomery County Championships, May 12; Big Six, May 19; District meet, May 22; Haverford, May 26; State meet, May 29; Suburban Championships, June 5-6.

Future Events

April 10—College Board Tests (Seniors).

April 10—Reverse Dance, Down's Gym, 9 P. M.; \$1.65 per couple or "stag."

April 14—Assembly 8-10, 10:30 A. M.

(Continued from Page 1)

and got only one field goal and four fumbles for six points. He collected a like number in the final game.

The benefit series was a jinx to Evans. He went without a point for the first time this season in the first game, and he took a nasty spill and received a cut over his left eye in the West Philly game.

While the Red Cross tournament prevented them from having an undefeated season, the state champs have the extreme pleasure of knowing that they have contributed directly to the war effort. The two sets of games attracted some 13,000 fans, a majority of which were Main Liners, and raised slightly more than 10,000 for the Red Cross War Fund.

The season's record:

42	Merchantville	25
50	Conteville	15
34	Chester	25
58	Haverford	32
55	Trenton Catholic	32
51	Cheltenham	16
60	Upper Darby	28

What it takes to move a division

If, like the eagle, you could look down on the amount of railroad equipment it takes to move a single armored division, here is what you would see... 75 trains:

Many passenger trains, many freight trains—all required to move just one division. For a division takes all its equipment with it—tanks, jeeps, armored cars, supply trucks, tractors, anti-aircraft guns, many things. And its men, numbering about 12,000, need berths in which to sleep!

What's more, when this division moves by rail, it moves as a unit—that is, trains following one another a few minutes apart. Now, in terms of trains, those 75 taken out of civilian service and put into military service,

are about equal to the number of passenger trains running daily over the Pennsylvania Railroad between two of the busiest places on the face of the globe—New York and Washington.

Multiply this one division by the many moving in this country and you can understand why... you may have difficulty getting a berth... or be obliged to stand in a coach... or arrive at your destination late. In

fact, demand for equipment is now so great that on arriving at terminals cars must be put right back into service, so you may find them not quite so spic and span as we would like. Housekeeping facilities are adequate but there's not always time.

But Americans are taking all this like good soldiers. For they know this is a war of movement, and that movement begins right here—in America, on the rails.
